

Rezoning Protest Petition

We, as residents in the Larkfield-Wikiup area, agree to the following:

- ✓ We seek to protect the land use history and stability of the Wikiup Golf Course lands by supporting the existing Article 42 - K zoning, without change.
- ✓ Zoning prevents disorderly growth, commonly pursued by absentee developers for profit reasons.
- ✓ Stabilized land use of the old Wikiup Golf Course has proven to be essential:
 - Effective fire-break for lands to the West that were not destroyed by Tubbs Fire.
 - Buffer to protect Mark West Creek, an anadromous waterway.
- ✓ Increasing housing density proposed by developer/investor would:
 - Create traffic and overcrowding.
 - Create a bottleneck to escape from future wildfires.

We, the signators, do not support any future zoning or General Plan that would change the existing zoning of the old Wikiup Golf Course.
